**STATEMENT OF OBJECTS AND REASONS**

The J&K Government has constituted the Jammu and Kashmir Backward Classes Commission through legislation which came into force w. e. f. 04-05-1995. The Commission is mandated to examine requests for inclusion of any class of citizens as a Backward Class in the lists and hear complaints of over-inclusion or under-inclusion of any backward class in such list and tender such advice to the Government as it deems appropriate as per section 9 (1) of the Act. Further section 9 (2) of the Act provides that the advice of the Commission shall ordinarily be binding upon the Government.

As per section 4 (1) of the J&K State Commission for Backward Classes Act, 1997, provides that every Member shall hold office for term of three years from the date he assumes office.

In view of the circumstances that department often confronted with the situation, where it seems difficult to find out suitable person to be nominated as Chairman/Members in the J&K State Commission for Backward Classes, owing to the fact that the said person, should be well versed with the knowledge of the Castes/Backward class formations in J&K State. It has also been observed that upon expiry of terms of Chairman/Members, the Commission remains non-functional for considerable time for want of suitable persons to be appointed as Chairman/Members, as nomination of Chairperson/Members proved to be a cumbersome exercise. As such, in order to overcome this difficulty, it was felt appropriate to consider increase in tenure of the Members/Chairman of the State Commission for Backward Classes from 03 years to 05 years.

There is a persistent demand from various downtrodden section of the society, for their inclusion under J&K Reservation Rules. Among them, the poorest of the poor of the unreserved category have been lamenting that due to economic weakness, they are unable to compete with the affluent classes. As result they continue to live in abject economic conditions and therefore they need reservation in Government Jobs. The significance of these aspirations is not lost on the Government which feels that such reservation for economically backward or poor is bound to elevate the economic position of the poor section of the unreserved categories.

The Committee observed that already 46% reservation has been fixed/recommended to various categories and the remaining 4% is available as of now and the percentage of reservation for RBA should

oo  
be restricted to 15% instead of existing 20% and utilise the percentage  
so saved for the economically poor class. It was further observed  
that while fixing the quota for various categories, due consideration  
has been given to their population, economic status and employment  
in the Government Sector. About 36% population of the State  
(45 lac people) is not covered under any reservation at present and  
approximately 10% of this is supposed to be targeted under the  
proposed reservation.

(iii) He must be speaking Pahari language and his mother tongue must be Pahari.

(iv) In cases of claims on the basis of residence in the specified area, he must prove by documentary evidence that his two preceding generations live in that area and were speaking Pahari language.

(v) Voters identity card.

3. **Backwardness, inadequacy of representation and overall administrative efficacy of such areas.** Paharies predominantly reside in hilly areas. After partition of the country in 1947 their geographical, social, economic and cultural links with the plain of Punjab got disconnected, recurring, disturbances and periodic shelling has rendered a good stretch of land uncultivable. Due to heavy snowfall and avalanches in areas like Keran, Karnah, Machil etc. These areas get disconnected from the rest of the State for ¾ months every year. The Paharies are thus living in pitiable conditions and their exact economic profile must be even worse.

In the field of education, a huge number of Pahari Children never go to schools. Since there is no provision of mobile schools for them as in case of other pastoral communities, children of migrating portion of Paharis face a heavy drop out. The economic review for the years 2009-10, reflects the literacy rate at 51.20%. The information about below poverty line population of Poonch and Rajouri as reflected from J&K Planning and Development Department, is record at 33.67% and 25% respectively. Various surveys including MSME, Government of India profiling show that there is absolutely no large or medium scale industry or private section available to them for a gainful employment.

No. 45-3] The J&K Govt. Gazette, 9th Feb., 2018/20th Magha, 1939. 7  
oo

Accordingly the matter was considered and it was decided that the Bill No. 18 of 2014 may be re-considered by the State legislature in a modified form so that the persons belonging to Pahari community having distinct culture, ethnic and linguistic identity may be given the benefit available to socially and educationally backward Classes of the State.

The proposed Bill, therefore, aims at mainstreaming this community by bringing them within the ambit of positive discrimination as governed by the constitutional principal of affirmative action and as applied to other marginalized communities of the country.

4. The following reform measures shall be enforced from the ensuing Financial Year, 2018-2019 :ô

- (i) Finance Department and the Planning Development and Monitoring Development Department shall release both Revenue and Capital Budget to all the Administrative Departments within two weeks of the passage of the Appropriation Act.
- (ii) The Administrative Departments shall, in turn, ensure to release the funds so received to the subordinate offices within four weeks of their receipt, failing which these funds shall be deemed to have been transferred to the intended DDOs on the dates they ought to have been released by the Administrative Departments/Controlling Officers.

- (iii) Planning Development and Monitoring Department shall ensure that all capital allocations to be made in the next fiscal bear proper classifications, indicating therein the ôName of the Work/Schemeö against Detailed Head--115-Worksas laid out in the authorized allocations. In the absence of the above schematic classification, the relevant Capex release shall be deemed as invalid and not open to being operationalised.
- (iv) There shall be no payments made by any Treasury/PAO from the First of April, 2018, under any expenditure head, if the releases for the same have not been made and further received by the spending and bill passing officers via BEAMS. Treasury Officers/PAOs shall be personally liable for making payments on the funds released and received bypassing the BEAMS application.
- (v) The Planning Development and Monitoring Department shall mandatorily upload department-wise ôName of the Schemes/ Works/Projectsö, forming part of the Capex, for the fiscal 2018-19, or, as per the format notified from time to time along with the respective allocations on its website

- (vii) Expenditure monitoring across all departments shall be done on a real time basis through PFMS.
- (viii) The procurement plans of the departments in the next fiscal shall be limited by an outermost cap of 60 days. From conceiving the nature and quantity of public goods and services to be procured to preparing tenders/RFQs/EoIs to finally awarding the contract, the departments shall compulsorily finish the whole process within 60 days. Any spill over in timeline shall be allowed only under the orders of the Cabinet based on some cogent reasons. In all other

cases, deviation from the norms shall be automatically visited with the appropriate disciplinary actions.

- (ix) Funds shall be spent only on the approved items of the expenditure and strictly for the purpose they have been released. There shall be no reappropriation of funds except where the departments have spent atleast 55 per cent of funds received ending December, 2017. However, where their spending levels are below 55 per cent, the remaining 70 per cent funds shall lapse to the Government.
- (x) Expenditure during the last quarter shall be restricted to not more than 30 per cent of the Revised Estimates. Treasury Officers/PAOs shall have an added responsibility to ensure that the departments are held to the above expenditure ceiling.
- (xi) The State Share of the CSSs and the expenditure to be incurred on utility shifting, land compensation etc. under PMDP Projects shall be the first charge on the Funds lapsing to the Government during the last quarter.

### **STATEMENT OF OBJECTS AND REASONS**

The Jammu and Kashmir Shri Mata Sukharala Devi Ji and Shri Mata Bala Sundari Ji Shrines Act, 2013 was enacted with a view for better management and administration of Shri Mata Sukharala Devi and Shrine Mata Bala Sundari Ji. The Act consists of various provisions for attaining its objectives and in this view the Act provided for constitution of Board. However, it has been observed over a long period of time that the objectives for which the Board was constituted have not been achieved to the satisfaction of the local people and the pilgrims who visit the two shrines. It has been also observed that the Board has not been able to do justice with the mandate given to it and proper management of the two shrines was not achieved. There is lack of civic infrastructure facilities at both the shrines which clearly shows the inability of the board in achieving the objectives of the Act. The board has not taken any step to take over the management and control of Shri Mata Bala Sundari Ji Shrine where the old committee of Baridars/Pujaries still continue to manage the same retaining the ownership of the shrine and offering of the pilgrims.

Further, the Board has not drawn any kind of road-map for the development of infrastructure for the convenience of the pilgrims and development of the surrounding locality. The board has not taken any concrete steps in disposing of the court cases or to negotiate with the Baridars/Pujaries for amicable settlement of the issues between them.

Hence the Bill.
